* With the Direct to Crematory option the coffin will not go through the ceremony hall, it will be taken straight to the crematory. If you wish for the coffin to go through the Ceremony Hall please select Committal.

Environmental Policy

The Wealden Crematorium remains focused on reducing its emission of 'greenhouse gases' to the environment through a more efficient use of energy. Some cremations, therefore, may not be carried out on the same day as the funeral service, but will in any event be carried out within 72 hours in line with the 'Guiding Principles' of the Institute of Cemetery & Crematorium Management (ICCM).

Likewise, all metals remaining after the cremation can be sensitively recycled to avoid the use of non-renewable resources in compliance with existing legislation and the auspices of the ICCM Recycling Scheme.

Yes, I would like the metals to be recycled

No, please return the metals to me

Commemorative Products

We have a varied range of affordable commemorative products and dedications available:

Please send me a brochure pack

Options for Disposal of Cremated Remains

Below are the options available to Applicants for their consideration. Please select one and enter it on the Cremation Form 1, under part 6 of the same. **Amendment of these instructions can only be made in writing by the Applicant.**

Option 1

Ashes to be scattered, interred or otherwise dealt with by the crematorium.

1. Inter the cremated remains within a Sanctum. This option is only available when a plaque dedication is purchased prior to the interment.
2. Scatter the cremated remains in the crematorium grounds at a recorded but unmarked location.*
3. Cremated remains to join those of another set already interred.* Please call the Crematorium Office to confirm that this is possible, quote the name of the deceased already interred, their cremation number and location reference on Cremation Form 1.

***Please confirm whether the applicant/family wish to witness the disposal or not. Where they are unsure they will have fourteen days from the day of the service to decide, after which the crematorium will proceed on the basis that they do not wish to witness the same.**

Option 2

Ashes to be collected from the crematorium

Please specify on the Cremation Form 1 who is to collect, i.e. the funeral director or a family member.

Option 3

Ashes to be held awaiting your decision

Retain the cremated remains pending your decision as to their final disposal. In relation to ashes left temporarily in the care of Wealden Crematorium, a reminder will be sent to the applicant to collect the ashes. If no instructions are received within minimum 14 days of this reminder, the remains will be scattered in the crematorium grounds.
